

IBAS

- **Not Significant** Phenotype Causing Protein
- **Significant** Phenotype Causing Protein
- Other Proteins that are interacting to PCPs
- Proteins from InWeb

Strength or Likelihood of the potential network

AUC = 0.6

P-value = 0.001

Contribution to the network

A AUC=0.7, first

B AUC=0.6, second

C AUC=0.8, second

D AUC=0.8, first

E AUC =0.5, first

Contribution to the network

F P-value < 0.05

G P-value < 0.05

H P-value < 0.05
